Speaker:
Anil Kapoor
Professor of Surgery (Urology)
McMaster University

TSC related Angiomyolipoma - Management Strategies and Case Studies

Participation is worth
1 Section 1 Credit

Learning Objectives

By the end of this program, participants will:

- Review TSC disease and its manifestations
- Learn how to recognize AMLs associated with TSC
- Review the consensus guidelines and evidence supporting the guidelines
- Discuss patient management options
- Review two “real” life patient cases
- Understand role of TSC CoE in patient management and when to refer patients/families

Q&A
available to all
participants
online!
